

ClickPay

Your Payment Gateway

About us

ClickPay is a truly world class payment gateway under Alinma bank which supports all the payment methods in the market to enable merchants to accept payments through checkout page, mobile application and via sharing links across all the communications platforms.

ClickPay provide many solutions that enable clients to have complete control of their business via an interactive and creative dashboard.

ClickPay Features

PayLinks

ClickPay provide PayLinks service which allow clients to create, send an SMS or post links on social media without any integration through customer dashboard.

E-Invoices

E-Invoices is more detailed than PayLink that include a receipt with goods description, discounts, taxes ...etc. E- invoices can be generated and sent though an SMS without integration via customer dashboard.

Refund & Cancellation

With merchant portal you can easily refund & cancel customer's transaction.

Automated Recurring Payments

A service that enables to impose fees on the customer's card on a monthly or yearly basis, without engaging merchant or customer.

Integration

ClickPay offers merchants a variety of solutions to integrate their businesses/systems. From web applications, eCommerce platform, to mobile applications; or even with no online solution at all, ClickPay is always ready to get merchants online payment enabled.

Instant & Easy Settlement

Immediate fund transfer to merchant account for MADA transactions and up to 24 hours for credit cards.

Merchant Dashboard
